Textile

Size 42: 342 g

- This safety shoe is ultra light and resultantly less robust.
- The BOA® Fit System is made from extremely durable, high-quality materials. BOA® allows you to dial in to a fast, effortless, precision fit.
- The outer material is breathable and easily leads heat and moisture away from the foot for excellent comfort.
- The toe caps are made from carbon fibre, a very light and tough material. The toe caps are exceptionally strong and resistant to both impact and pressure.
- The flexible and light MASCOLAYER® textile nail protection guarantees optimum protection and excellent walking comfort.
- Stabilisation with MASCOT's patented multi-function shank.
- Extra long lifetime with durable TPU reinforcement at the toe.
- Shock-absorbing, light and flexible insole.
- Outsole in flexible EVA gives the footwear an overall low weight, high walking comfort and increased shock absorption.
- Non-marking sole – no scuff marks.
- The weight of the footwear is among the lowest on the market.
- This shoe has limited performance and is therefore recommended only for lighter duties.
- ESD approved to EN IEC 61340-4-3: 2018 + EN 61340-5-1: 2016.

Certifications
